

Silvia Bernal Blanco

Silvia Bernal Blanco is Senior Legal Officer in Fusion for Energy (F4E) with international experience in technological projects. She worked for the European Commission in Belgium, the Telecommunications Regulator in Ireland, Indra Sistemas and Airbus (former Eurocopter S.A) in Spain. She specializes in European and International Law, Contracts and Information Technologies and deals with the Remote Handling project in ITER, institutional matters such as Spanish Host Agreement for ITER and the Safety Directives (Export Control and CE marking), among other topics. She provides legal advice on public procurement and participates in contractual negotiations, providing legal support in commercial claims and on dispute resolution.

She represented F4E in front of the European Court of Justice and at national mediation centres, is CEDR accredited Mediator. She participated in Women in Project Management forum and contributes to Women in Big Science Business Forum (WBSBF) to enhance gender equality in Science Projects.

Area of expertise: *Expert in Contract Law and Protection of Sensitive Data - Fusion for Energy*
