

Pilar Rosado

Pilar Rosado is a Spanish lawyer with a double degree in Spanish law and EU law and holds a LLM in European Law. Before joining Fusion for Energy in 2018, she worked for the European Commission (DIGIT), amongst others. As Senior Legal Advisor, she provides legal advice to the Broader Approach Department, the ITER Engineering Unit, and the Project Management Department. Her expertise includes EU law, nuclear law and public procurement, and contract law. She actively participates in legal negotiations, provides legal assistance on commercial claims, and negotiates international agreements with other international organizations, such as QST, the Japanese Implementing Agency under the Broader Approach Agreement.

Area of expertise: *EU Law Expert – Fusion for Energy*
