

Enrique García

Enrique has a PhD in Mechanical Engineering from the Universidad de Zaragoza and an MBA from IE Business School. He has over 25 years of experience working in different sectors (aerospace, wind, defence, automotive,...) always focused on the translation from fundamental research to applied industrial applications through innovation. Since 2024 he is the Head of Fusion Technologies and Engineering at Fusion for Energy, the European Joint Undertaking delivering the European contribution to ITER and IFMIF-DONES.
