

**Isaac Triguero:**

Isaac Triguero received his M.Sc. and Ph.D. degrees in Computer Science from the University of Granada, in 2009 and 2014, respectively. He is currently an Associate Professor at the University of Granada and Honorary Professor at the University of Nottingham. His work is mostly concerned with the research of novel methodologies for General Purpose AI. Dr Triguero has published more than 90 international publications in the fields of Big Data, Machine Learning and Optimisation (H-index=37 and more than 6800 citations on Google Scholar). He is currently co-leading three projects on General Purpose Artificial Intelligence: a €1.6M University-Industry Research Grant funded by the European Union-Next Generation EU, a €270K EU Horizon on emerging capabilities of GPAIS, as well as a €120K Knowledge Generation Project, funded by the Ministry of Science, Innovation and Universities of Spain.
